# The Sacred Space

Since the Big Bang, you have been  
a part of existence  
since the very beginning.

You belong;  
you are here,  
as is all existence.

We come from this planet,  
not separate,  
but one with it;  
we need all that it has  
for us to exist.

Gravity,  
The air we breathe,  
the food and water we thrive on;  
we are chemically  
the same as Earth,  
and there is more to our purpose.

There is more than mortgages,  
taxes, work, war, reproduction.  
There is also a deep feeling that  
our existence is meant to be  
something more than what  
happens to us between being  
born and being buried.

There is a mystery.

We are made of tiny specks of  
stardust on a small rocky planet,  
less than .0001% of the mass of a  
solar system;  
still, less than one 400 billionth of  
the Milky way -  
that's not even a trillionth  
of the cosmos!

There are more stars out there  
than grains of sand on the entire  
Earth!

We need to stop thinking and  
talking and turn our gaze inward  
to find our path -  
to connect to what is happening  
deep within ourselves...  
before we die!

The great spiritual teachers tell  
us that when we find out who we  
are, we will awaken and all will  
become clear.

Through environment, service,  
education, and immersion in  
beauty, we are devoted to helping  
everyone who enters to find  
solace, a reminder of their  
spiritual journey to finding who  
they are.

We are devotees of awakening,  
searching for ourselves,  
and really don't know what else  
there is to do in existence.

Bliss and Blessings,  
Jack & Rose Herschorn

## We are now open! 11 AM - 5 PM Friday, Saturday, Sunday, and Monday

Please be sure and wear your mask.

The Covid-19 pandemic has given us the opportunity to evolve. We are reinventing the Sacred Space by adding an online shop, to keep our staff employed and continue to bring special, soul-filling items to our friends and clients.

It is a new experience for us in terms of an online showroom, shipping, telephone orders, etc.

Your input with suggestions, corrections will help us evolve, and continue to expand our offerings.

If you've visited The Sacred Space, you know this is a small fraction of our inventory. We are photographing and adding items daily. If you don't see what you are looking for, be sure and email us or call and we will do our best to help you.

Blessings,  
Jack & Rose
